Executive Summary

AK Token is a community utility token on Polygon connecting NFT collections, community rewards, digital product bonus experiments, public dashboard transparency, and future proposal preparation.

This document is prepared for community presentation, public website use, and as a foundation for future grant proposal materials.

Founder, Vision, Mission

Founder Section

Founder: Alan Kribo

Vision

Mission

- Connect AK Token with NFT collections and community reward activities.
- Use public dashboard and wallet links to maintain transparency.
- Provide utility direction through selected digital product bonuses.
- Prepare documentation for grant proposals, community education, and ecosystem presentation.

Treasury and reserve are presented under the same wallet unless a separate reserve address is publicly assigned.

Digital Product Bonus

Digital Product Bonus Program

AK Token may be used as a community bonus for buyers of selected digital products from Alan Digital Shop.

Example Use Cases

- Bonus AK Token for digital product buyers.
- Holder-only access to selected PDF guides.
- Future discount access for community members.

Important Note

This bonus program is utility-based and does not promise profit, income, or token price increase.

NFT Ecosystem

AK Token is connected with six NFT collections under the ZOQstudio OpenSea profile. These collections create the cultural, character, and digital art layer of the ecosystem.

JCL

Jawa Cosmic Legends

Cultural and cosmic themed NFT collection inspired by Javanese legends.

<https://opensea.io/ZOQstudio?collectionSlugs=jawa-cosmic-legends>

Z1

Zurp #001

Early Zurp collection connected to the ZOQstudio NFT universe and AK Token ecosystem.

<https://opensea.io/ZOQstudio?collectionSlugs=zurp-001>

Z2

Zurp #002

Second Zurp collection expanding the visual identity and collectible universe.

<https://opensea.io/ZOQstudio?collectionSlugs=zurp-002>

NFT Collections

Z3

Zurp #003 The Foes of Prince Zoq

Character-driven NFT collection featuring the foes and story layer of Prince Zoq.

<https://opensea.io/ZOQstudio?collectionSlugs=zurp-003-the-foes-of-prince-zoq>

JLC

Javanese Legends Collection

NFT collection inspired by Javanese myth, folklore, and digital cultural storytelling.

<https://opensea.io/ZOQstudio?collectionSlugs=javanese-legends-collection>

PB

Putri Bali

NFT collection inspired by Balinese beauty culture and digital art.

NFT Membership Direction

The NFT ecosystem may support future membership access, community identity, collectible recognition, and reward experiments connected with AK Token.

Grant Proposal Summary

Preparation Summary

AK Token Ecosystem is preparing a grant proposal to support community growth, NFT ecosystem visibility, public dashboard development, and future utility experiments.

Grant Focus

- Community holder growth
- NFT ecosystem integration
- Public transparency dashboard
- Digital product utility experiment

Note

This section is a preparation summary and does not guarantee grant approval.

Proposal and SUI Direction

Funding Use Direction

- Dashboard and website improvement
- NFT ecosystem promotion
- Community onboarding
- Educational content
- Reward program testing
- Documentation and proposal preparation

Future SUI Expansion Direction

AK Token currently operates on Polygon Network. The project may explore future expansion or ecosystem presentation toward SUI through cultural NFT storytelling, community education, and utility experiments.

- Cultural NFT collection presentation
- Community onboarding
- NFT utility concept
- Web3 education content
- Grant proposal exploration
